Quarterly 1 Year 2018

1. Adequacy of Capital

Allianz Ayudhya Assurance Public Company Limited holds a strong RBC Solvency Ratio. At the end of second quarter in 2018, the Company's capital adequacy ratio is at the 376 percent which is significant high comparing to the minimum ratio required by the OIC at the 140 percent. The Company also conducts the regular tests of its financial status under crisis at every quarter end to ensure that the Company is capable of confronting and coping with any economic change in the event of uncontrollable or undesired situation.

Disclosed on 1 November 2018

Unit: million baht

Item	Quarter 1		Quarter 2		Quarter 3	
	2018	2017	2018	2017	2018	2017
Capital Adequacy Ratio (%)	376%	388%		351%		340%
Total Capital Availability	26,475.29	26,134.21		23,803.26		24,121.92
Total Capital Requirement	7,040.89	6,743.35		6,779.00		7,093.89

- Remark**
- Notification of the Office of Insurance Commission (OIC): Specification of Type and Category of the Capital including Rules, Procedures and Conditions of the Capital Calculation in Life Insurance Companies. For legal requirement, the Capital adequacy ratio shall not be lower than 140 percent.
 - Capital is based on appraisal value aligned with the announcement of OIC regarding the Life Insurance Company's asset and liability assessment
 - The second quarter is the six-months operating results while the third quarter is the nine-months operating results
 - In 2018 the Company has replaced its external auditor and made some reclassifications. The disclosed financial information therefore may not be comparable to the previous years.

2. Financial Statement

ALLIANZ AYUDHYA ASSURANCE PUBLIC COMPANY LIMITED

INTERIM FINANCIAL INFORMATION (UNAUDITED)

31 MARCH 2018

AUDITOR'S REPORT ON REVIEW OF INTERIM FINANCIAL INFORMATION

To the Board of Directors of Allianz Ayudhya Assurance Public Company Limited

I have reviewed the interim financial information of Allianz Ayudhya Assurance Public Company Limited, which comprises the statement of financial position as at 31 March 2018, and the related statements of comprehensive income, changes in equity, and cash flows for the three-month period then ended, and the condensed notes to the interim financial information. Management is responsible for the preparation and presentation of this interim financial information in accordance with Thai Accounting Standard 34, "Interim Financial Reporting". My responsibility is to express a conclusion on this interim financial information based on my review.

Scope of review

I conducted my review in accordance with Thai Standard on Review Engagements 2410, "Review of interim financial information performed by the independent auditor of the entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Thai Standards on Auditing and consequently does not enable me to obtain assurance that I would become aware of all significant matters that might be identified in an audit. Accordingly, I do not express an audit opinion.

Conclusion

Based on my review, nothing has come to my attention that causes me to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with Thai Accounting Standard 34, "Interim Financial Reporting".

The accompanying condensed notes to interim financial information are an integral part of these interim financial information.

1 General information

Allianz Ayudhya Assurance Public Company Limited, ("the Company"), was first incorporated in Thailand under the name of Sri Ayudhya Life Assurance Company Limited on 11 April 1951 and the Company was granted its license to operate as a life insurance company on 20 April 1951.

Its registered office is located at Ploenchit Tower, 1st floor Zone B, 2nd floor Zone B (Mezzanine), 5th floor Zone B, 6th floor, 9th floor Zone A, 14th floor and 17th floor, 898 Ploenchit Road, Lumpini, Pathumwan, Bangkok.

The immediate and ultimate parent companies during the financial period were CPRN (Thailand) Limited and Allianz SE, respectively. The immediate parent company was incorporated in Thailand and the ultimate parent company was incorporated in Germany.

The principal business of the Company is the provision of life insurance business.

This interim financial information was approved by the Board of Directors on 10 May 2018.

This interim financial information has been reviewed, not audited.

2 Basis of preparation and accounting policies

2.1 Basis of preparation

The interim financial information has been prepared in accordance with Thai Accounting Standard 34 Interim Financial Reporting. The primary financial information (statement of financial position, statements of comprehensive income, changes in equity and cash flows) is presented in a format consistent with the annual financial statements complying with Thai Accounting Standard 1 Presentation of Financial Statements. In addition, the interim financial information presentation are based on the formats of life insurance interim financial information attached in an Office of Insurance Commission's notification "Principle, methodology, condition and timing for preparation, submission and reporting of financial statements and operation performance for life insurance company B.E. 2559" dated on 4 March 2016 ('OIC Notification'). The notes to the interim financial information are prepared in a condensed format. Additional notes are presented as required by the aforementioned OIC Notification.

The interim financial information should be read together with the annual financial statements for the year ended 31 December 2017.

An English version of the interim financial information has been prepared from the interim financial information that is in the Thai language. In the event of a conflict or a difference in interpretation between the two languages, the Thai language interim financial information shall prevail.

2.2 Accounting policies

The accounting policies used in the preparation of the interim financial information are consistent with those used in the annual financial statements for the year ended 31 December 2017. The Company has also applied the new accounting policy as discussed in note 2.2.1

Expenses that are incurred unevenly during the financial year are anticipated or deferred in the interim report only if it would also be appropriate to anticipate or defer such expenses at the end of the financial year.

2 Basis of preparation and accounting policies (Cont'd)

2.2 Accounting policies (Cont'd)

Income tax in the interim periods are accrued by using the expected income taxes in the interim period.

The interim financial information is prepared and presented in Thai Baht, which is the Company's functional currency. All financial information presented in Thai Baht has been rounded to the nearest thousand unless otherwise stated.

2.2.1 New Accounting policy:

The Company has adopted new accounting policy for the right to utilise benefits in accordance with agreement. The right is presented as intangible assets and recognized at cost incurred to acquire the right. The right is amortised over its estimated useful life within the utilization period according to the agreement.

2.2.2 Revised financial reporting standards are effective on or after 1 January 2018 which have significant changes and are relevant to the Company:

TAS 7 (revised 2017)	Statement of cash flows
TAS 12 (revised 2017)	Income taxes

TAS 7 (revised 2017), the amendments require additional disclosure of changes in liabilities arising from financing activities. This includes changes arising from cash and non-cash.

TAS 12 (revised 2017), the amendments clarify the accounting for deferred tax where an asset is measured at fair value and that fair value is below the asset's tax base. Specifically, the amendments confirm that:

- A temporary difference exists whenever the carrying amount of an asset is less than its tax base at the end of the reporting period.
- An entity can assume that it will recover an amount higher than the carrying amount of an asset to estimate its future taxable profit.
- Where the tax law restricts the source of taxable profits against which particular types of deferred tax assets can be recovered, the recoverability of the deferred tax assets can only be assessed in combination with other deferred tax assets of the same type.
- Tax deductions resulting from the reversal of deferred tax assets are excluded from the estimated future taxable profits.

The Company's management has adopted the revised standards and considered that the above revised standards do not have a material impact on the Company.

2.2.3 New financial reporting standard is effective for annual periods beginning on or after 1 January 2019 which is relevant to the Company. The Company has not early adopted this standard

TFRS 15 provide the requirements for the recognition of revenue. This standard will supersede the following standards:

TAS 11 (revised 2017)	Construction contracts
TAS 18 (revised 2017)	Revenue
TFRIC 13 (revised 2017)	Customer loyalty programmes
TFRIC 15 (revised 2017)	Agreements for the construction of real estate
TFRIC 18 (revised 2017)	Transfers of assets from customers
TSIC 31 (revised 2017)	Revenue - barter transactions involving advertising services

2 Basis of preparation and accounting policies (Cont'd)

2.2 Accounting policies (Cont'd)

2.2.3 New financial reporting standard is effective for annual periods beginning on or after 1 January 2019 which is relevant to the Company. The Company has not early adopted this standard (Cont'd)

The new standard is based on the principle that

- revenue is recognised when control of a good or service transfers to a customer - so the notion of control replaces the existing notion of risks and rewards
- an entity recognises revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.

An entity recognises revenue in accordance with that core principle by applying the following steps:

- Step 1: Identify the contract(s) with a customer
- Step 2: Identify the performance obligations in the contract
- Step 3: Determine the transaction price
- Step 4: Allocate the transaction price to the performance obligations in the contract
- Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation

Entities will have a choice to apply this standard retrospectively in accordance with TAS 8 Accounting Policies, Changes in Accounting Estimates and Errors, subject to the expedients or retrospectively with the cumulative effect recognised as an adjustment to the opening balance of retained earnings of the annual reporting period that includes the date of initial application with additional disclosures. The Company will first apply this standard for annual reporting periods beginning on or after 1 January 2019.

The management is currently assessing the impact from initial application of this standard in detail.

3 Reclassifications

The comparative amounts have reclassified to conform to the current period presentation of the interim financial information.

	31 December 2017		
	As previously reported Thousand Baht	Reclassification Thousand Baht	Reclassified Thousand Baht

4 Estimates

The preparation of interim financial statements in conformity with TFRSs requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

In preparing these interim financial statements, the significant judgements made by management in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the financial statements for the year ended 31 December 2017.

5 Fair value

5.1 Fair value estimation

The table below presents financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities, and the Company is able to access that market on valuation date.
- Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: Inputs for the asset or liability that are not based on observable market data.

The Company shows the fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy. It does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amount is a reasonable approximation of fair value.

The following table presents the Company's financial assets and liabilities that are measured and recognised at fair value on the interim financial information as at 31 March 2018.

	(Unaudited) 31 March 2018			
	Level 1 Thousand Baht	Level 2 Thousand Baht	Level 3 Thousand Baht	Total Thousand Baht

There was no transfer between Levels 1 and 2 during the period.

There was no change in valuation techniques during the periods.

5 Fair value (Cont'd)

5.2 Valuation techniques used to derive Level 2 fair values

The Company determines Level 2 fair values for debt securities using the prices on the last business day of the period provided by the Thai Bond Market Association which using a discounted cash flow approach, which discounts the contractual cash flows using discount rates derived from observable market prices of other quoted debt instruments of the counterparties.

The Company determines Level 2 fair values for unit trusts using the net asset value (NAV) on the last business day of the period provided by assets management companies.

The Company determines Level 2 for simple over-the-counter hedging derivatives which comprise cross currency swap and bond forward contracts based on broker quotes. The cross currency swap have been fair valued based on exchange rates that are quoted in an active market. The bond forward contracts have been fair valued based on forward interest rates extracted from observable yield curves. The effects of discounting are generally insignificant for Level 2 derivatives.

6 Cash and cash equivalents

	(Unaudited) 31 March 2018 Thousand Baht	(Audited) 31 December 2017 Thousand Baht
Cash on hand	38	123
Deposits at banks - call deposits	2,830,003	1,806,315
Deposits at banks - time deposits	-	650,000
Short-term investments	4,803,626	2,725,171
Total	7,633,667	5,181,609

As at 31 March 2018, cash and cash equivalents were denominated in foreign currencies amounting to Baht 137 million (31 December 2017: Baht 179 million).

7 Premiums due and uncollected

As at 31 March 2018 and 31 December 2017, the balances of premiums due and uncollected were aged as follows:

	From direct insurance	
	(Unaudited) 31 March 2018 Thousand Baht	(Audited and reclassified) 31 December 2017 Thousand Baht
Within credit terms	1,794,826	1,602,104
Overdue:		
Less than 30 days	228,346	176,407
31 - 60 days	2,456	12,867
61 - 90 days	15,735	9,825
91 days - 1 year	11,324	3,451
Over 1 year	14,055	15,909
Total	2,066,742	1,820,562
<u>Less</u> Allowance for doubtful accounts	(152,492)	(183,596)
Net premiums due and uncollected	<u>1,914,250</u>	<u>1,636,966</u>

In case of individual policies, premiums due and uncollected represent those amounts that are within the grace period, which is 30 days. For policies with cash values having amounts overdue longer than the grace period, the premiums due and uncollected will be settled by granting automatic policy loans. For policies without cash values and overdue longer than the grace period, the policies are lapsed.

In case of group policies, the credit term is 90 days. For overdue premium due and uncollected, the Company is processing the collection in accordance with the Company's policy.
